

LECOSYs[®]

DESIGN LORENZO MARCOLIN

FRIDAY è un progetto di arredi per l'ufficio, sono piattaforme operative e contenitori che integrano con un design essenziale gli aspetti funzionali, tecnologici e sensoriali che concorrono a definire e qualificare un ambiente di lavoro.

Alla funzionalità specifica essi aggiungono la capacità di caratterizzare l'intorno dell'operare con stimolazioni sensoriali: luminose e sonore.

Sono architetture minime in cui la funzione è la forma e lo spazio occupato è un luogo unico e personalizzabile.

FRIDAY è il nome perché così come i contenitori e i piani dell'operare sono piattaforme sospese tra la concretezza del "fare" e l'estensione del "pensare" venerdì è il giorno della settimana che sta tra il lavoro e il tempo libero

FRIDAY is an office furniture project with operating platforms and storage units, integrating the ergonomic, technological and sensory aspects that define the work environment.

A specific functional character combines with the ability to characterize your workplace with sensory stimulation: light and sound.

Minimal architecture in which function is form and the space occupied becomes a unique and customizable place.

FRIDAY the name - because the storage units and operating platforms are suspended between concrete "action" and the extension of "thought". Friday is the day of the week between work and leisure.

FRIDAY est un projet de mobiliers de bureau ; il s'agit d'une ligne de plateaux de travail et d'éléments de rangement qui joignent un dessin essentiel aux aspects fonctionnels, technologiques et sensoriels nécessaires pour définir et qualifier un lieu de travail.

En plus de leur fonctionnalité spécifique, ils ajoutent personnalité au lieu de travail par des stimulations sensorielles spéciales : lumineuses, et sonores.

Il s'agit d'architectures minimales où la fonction est la forme, tandis que l'espace occupé est un lieu unique et personnalisable.

Le nom choisi est **FRIDAY**, c'est-à-dire vendredi en anglais parce que, tout comme les éléments de rangement et les plateaux de travail, il s'agit de plateformes suspendues entre le caractère concret du "faire" et l'extension de la "pensée", puisque le vendredi est le jour de la semaine situé entre le travail et le temps libre.

FRIDAY ist ein Einrichtungskonzept für das Büro mit operativen Plattformen und Schrankelemente, welche mit ihrem essentiellen Design die funktionellen, technologischen und sensorischen Aspekte, welche ein Arbeitsumfeld definieren und auszeichnen, vervollkommen.

Ihre spezifische Funktionalität wird durch die Möglichkeit ergänzt, das Arbeitsumfeld durch sensorische Anregungen für Augen und Ohren zu charakterisieren.

In dieser minimalistischen Architektur, in der Funktion und Form eine Einheit bilden, ist der eingenommene Raum einzigartig und individuell gestaltbar.

FRIDAY nennt sich dieses Konzept; denn so wie die Schrankelemente und die Arbeitsflächen Plattformen zwischen der Konkretheit des „Tuns“ und der Entfaltung des „Denkens“ sind, so ist der Freitag der Wochentag zwischen Arbeit und Freizeit.

SHORT FRIDAY è la postazione di lavoro minima:
un contenitore-cassettiera e poggiapiedi sostengono una piattaforma operativa sospesa.

SHORT FRIDAY the minimal workstation:
a storage-drawer unit and footrest support the suspended operating platform.

SHORT FRIDAY est un poste de travail de base :
l'élément de rangement avec tiroirs et le repose-pieds soutiennent un plateau de travail suspendu.

SHORT FRIDAY ist der Minimal-Arbeitsplatz:
Ein Schrank-Schubladenelement und eine Fußstütze tragen eine hängende operative Plattform.

LONG FRIDAY è la postazione di lavoro relazionale:
un contenitore cassettiera ed un anello strutturale sostengono una piattaforma operativa estesa.

LONG FRIDAY the relational workplace:
a storage-drawer unit and structural ring support the spacious operating platform.

LONG FRIDAY est un poste de travail relationnel :
l'élément de rangement et le support structural soutiennent un plateau de travail allongé.

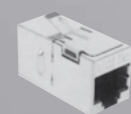

LONG FRIDAY ist der relationale Arbeitsplatz:
Ein Schrank-Schubladenelement und eine Ringstruktur tragen eine geräumige operative Plattform.

FRONT VIEW

MODUL 2x Keystone / DATA SOCKET
Cod. ELC01 - Module, black, accepts 2 data sockets with Keystone fitting
Suitable for subsequent socket versions

MODULE 1x VGA
Cod. ELC02 - VGA 15-pin socket/socket, without cable to carry display signal

MODULE 1x HDMI
Cod. ELC03 - HDMI socket/socket, without cable. For display signals from devices with HDMI output (laptop, PC monitor, DVD to plasma screen, projector, DVD, SAT ect.)

MODUL 2x USB 2.0
Cod. ELC04 - 2x USB 2.0 socket/socket, without cable

MODULE 1x FIREWIRE
Cod. ELC05 - FireWire socket/socket, without cable.
For connecting devices (video camera, iPod etc.)

BACK VIEW

La piattaforma operativa, realizzata da due piani separati da una struttura metallica di supporto che ne determina la solidità, integra le reti elettriche, telefoniche ed informatiche e ne posiziona lateralmente i terminali.

The top and bottom of the operating platform are separated by a metal frame to give the structure strength and integrate the electrical, telephone and computer systems with the connections in the side.

Le plateau de travail se compose de deux plateaux séparés par une structure métallique de support, pour garantir plus de solidité au mobilier et cacher les fils électriques, de téléphone et de l'ordinateur, tout en plaçant à côté les bornes de connexion.

Eine tragende Metallstruktur zwischen den zwei Platten gewährleistet die Stabilität der operativen Plattform, an der sich seitlich die Anschlüsse der integrierten elektrischen, telefonischen und EDV-Leitungen befinden.

SOUND  

LIGHT 

Il fronte della piattaforma operativa è uno spazio organizzabile e caratterizzabile, tra i piani che la definiscono si possono posizionare diffusori sonori, luminosi e profumatori d'ambiente e/o completarli con schermi (frontalini) di diversa e personalizzabile finitura.

The front of the operating platform is an organizational and customizable space where loudspeakers, lights or air fresheners, and/or front panels in a variety of custom finishes can be installed.

La partie avant du plateau de travail est un espace à ranger et à personnaliser à son gré ; dans ses dessus, il est possible d'y ajouter des diffuseurs sonores, lumineux et parfumés et/ou des écrans (bandeaux frontaux) de finitions différentes et personnalisables.

Der Raum an der Vorderseite des Tisches lässt sich organisieren und charakterisieren: Dort können zwischen den Platten Klang- und Lichtdiffusoren sowie Raumdüfte positioniert und/oder Frontblenden unterschiedlicher und individuell gestaltbarer Ausführung angebracht werden.

La piattaforma operativa è lo spazio tecnico di supporto al piano di lavoro.
 La sua capacità di integrare le reti dell'energia e delle comunicazioni e di posizionare strumenti di caratterizzazione dell'intorno (acustici e luminosi) consente una "facile" operatività.
 Un contenitore ad ante e cassetto a due facce di utilizzo collegato ad un utile poggia piedi rivestito in gomma costituiscono il sostegno strutturale della piattaforma operativa.

The operating platform is the technical space supporting the desk.
 The possibility of integrating energy and communications networks, and installing instruments to customize the surroundings (acoustic, and light sources) makes the system "easy" to adopt.
 A storage unit with a hinged door and drawer that can be used both sides is employed to support the operating platform, with a useful rubber-coated footrest adding structural support.

Le plateau de travail est l'espace technique de support au plan de travail.
 Sa capacité d'intégrer les fils électriques et de téléphone, ainsi que de positionner tout objet à son gré (acoustique et lumineux) garantit un travail "aisé".
 L'élément de rangement avec portes et tiroir à deux façades et le repose-pieds utile revêtu en caoutchouc représentent le support structural du plateau de travail.

Die operative Plattform leistet technische Unterstützung für die Arbeitsfläche.
 Die Möglichkeit der Unterbringung des Energie- und Kommunikationsnetzes und raumcharakterisierender Elemente (Klang- und Lichtdiffusoren) begünstigt eine „einfache“ Operativität.
 Ein von zwei Seiten zugängliches Schrankelement mit Türen und Schublade und die zweckmäßige, mit ihm verbundene gummiüberzogenen Fußstütze bilden die tragende Struktur der operativen Plattform.

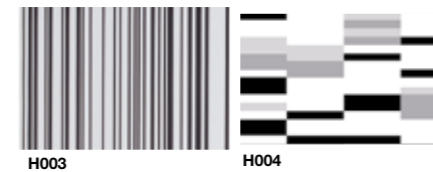

FRIDAY

LACCATO FASCIA TRA PIANI E FRONTALE CONTENITORE PORTANTE
LACQUERED BAND BETWEEN TOPS AND FRONT PEDESTAL

LAMINATO FASCIA TRA PIANI E FRONTALE CONTENITORE PORTANTE
LAMINATED BAND BETWEEN TOPS AND FRONT PEDESTAL

IMPIALLACCIATO PRECOMPOSTO FASCIA TRA PIANI E FRONTALE CONTENITORE PORTANTE
MULTILAMINAR VENEERED TOPS DESK AND FRONT PEDESTAL

Contenitori e piani:

nobilitato: grigio N e frassino nero a poro aperto;
laccatura: bianco, grigio medio e nero;
impiallacciatura: ebano precomposto.

Frontali piattaforma

e frontali contenitori:

laccatura: colori ULTOM
laminato: righe e rettangoli
impiallacciatura: ebano precomposto,
frassino tinto bianco-nero.

Poggiapiedi:

lamiera di metallo rivestita in gomma
rigata colore nero.

Strutture metalliche:

gambe verniciate bianco lucido o
cromate - travi verniciato grigio.

Storage units and shelves:

melamine – grey N and open-pored, black
ash wood;
lacquer finish: white, medium grey and
black;
veneer: multilaminar ebony veneer ply.

Platform front panels and storage units:

lacquer finish: white, medium grey and
black;
laminated board: stripes and rectangles;
veneer - multilaminar ebony veneer ply;
black-white painted ash wood,

Footrests:

sheet metal covered with ribbed black
rubber.

Metal frames:

white painted legs, polished or chromed
- grey painted crosspieces.

Éléments de rangement et plateaux :

mélaminé : gris N et bois de frêne noir à
pore apparent;
laquage : blanc, gris moyen et noir;
placage : ébène reconstitué.

Façades plateau et éléments de

rangement :

laquage – couleurs ULTOM;
laminé : rayures et rectangles;
placage : ébène reconstitué, bois de
frêne teinté blanc-noir.

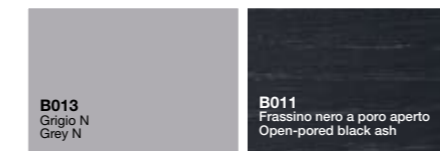

Repose-pieds :

tôle en métal revêtue en caoutchouc strié
couleur noir

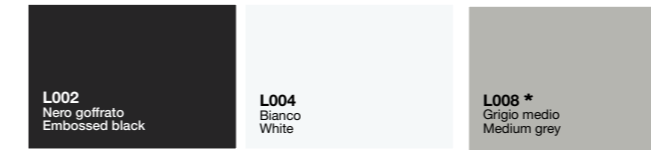

Structures métalliques :

piétements laqués blanc poli ou chromés
- traverses laquées gris.

MULTILAMINAR VENEERED TOPS DESK AND STORAGE UNITS

Schränkelemente und Flächen:

Melaminbeschichtung: grau N, und aus offenporiger
Esche schwarz;
Lackierung: weiß, mittelgrau und schwarz;
Furnier: mehrschichtiges Ebenholz.

Frontblenden Plattform und Schränkelemente:

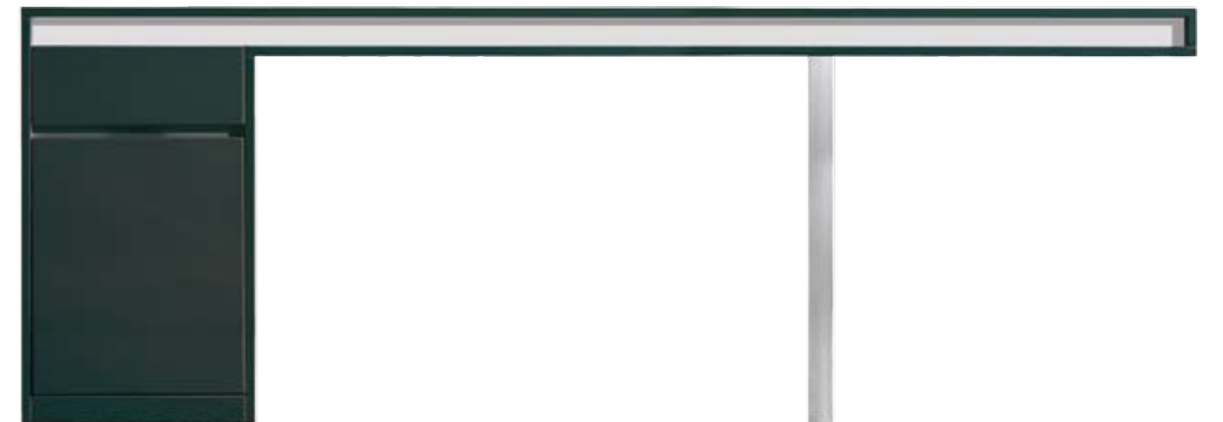

Lackierung – Farben ULTOM;
Laminat: Streifen und Rechtecke;
Furnier – mehrschichtiges Ebenholz; Esche gefärbt
schwarz - weiß.

Fußstütze:

Metallblech mit geripptem Gummiüberzug Farbe
schwarz.

Metallstrukturen:

Beine lackiert weiß, poliert oder verchromt; Verbindungs-
träger grau lackiert.

FRIDAY

Mensole di supporto coordinate a contenitori ad ante ad appoggio e sospesi realizzano l'intorno logistico delle piattaforme operative **SHORT FRIDAY** e **LONG FRIDAY**.

Matching shelves and standing or suspended storage units with doors create the logistical surroundings of the **SHORT FRIDAY** and **LONG FRIDAY** operating platforms.

Étagères de support coordonnées aux éléments de rangement avec portes en appui et suspendus, pour créer un milieu logistique optimal autour des plateaux de travail **SHORT FRIDAY** et **LONG FRIDAY**.

Gemeinsam mit passenden Ablagen bilden die Stehschränkelemente mit Türen die logistische Umgebung der operativen Plattformen **SHORT FRIDAY** und **LONG FRIDAY**.

La possibilità di alloggiare strumentazioni di caratterizzazione dell'ambiente circostante, di connettere reti diversamente funzionali all'attività praticata e di differenziare le finiture dei contenitori, dei piani e dei loro frontali che comprendono l'ampia gamma cromatica delle laccature, l'impiallacciatura lignea, il rivestimento in nobilitato e in laminato disegnato da texture esclusive, consentono la realizzazione personalizzata delle piattaforme operative **FRIDAY**.

The possibility of installing instrumentation to characterize the environment, connect to different networks essential to your activities, and differentiate the finish of the storage units, shelves and front panels with a wide range of lacquer finishes, wood veneers, melamine and laminate designed with unique textures, lets you customize your own **FRIDAY** operating platform.

La possibilité de loger les éléments de personnalisation du milieu environnant, de connecter les réseaux selon l'activité en cours et de différencier les finitions des éléments de rangement, des plateaux et de leurs façades selon la vaste gamme chromatique des laquages, le placage du bois, le revêtement en mélaminé et en laminé dessiné avec des textures exclusives sont toutes des caractéristiques qui permettent de personnaliser à son gré les plateaux de travail **FRIDAY**.

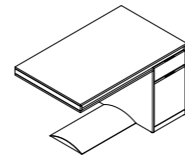

Die Möglichkeit, raumcharakterisierende Elemente einzubringen, der ausgeübten Tätigkeit dienliche, funktionell unterschiedliche Netze anzuschließen und die Ausführungen der Schrankelemente, der Platten und ihrer Frontblenden zu differenzieren - mit einer großen chromatischen Auswahl an Lackierungen, Holz furnieren, Melaminbeschichtungen und Laminaten mit exklusiven Texturen - erlaubt eine individuelle Gestaltung der operativen Plattform **FRIDAY**.
