ATTENZIONE

Il legno ciliegio presente nella collezione Genesis è un materiale naturale. Per questo motivo differenze nelle caratteristiche cromatiche e di venatura presenti in ogni singolo elemento d'arredo, sono considerati segni distintivi di pregio. Il cuoio e la pelle sono materiali diversamente trattati, quindi diversa è la rifrazione della luce che determina il tono del colore. Le cuciture di pelle e cuoio possono presentare irregolarità nel tratto e variazioni di linea. Pertanto differenze di tono del colore e lievi imperfezioni nelle cuciture devono essere accettate quale segno dell'unicità e della cura artigianale del prodotto. Codutti S.p.a. si riserva di apportare qualsiasi modifica alla Collezione Master e al presente catalogo ogni volta che lo ritenga opportuno.

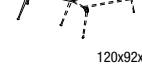

N.B.

The cherry wood in the Genesis collection is natural material. Any differences in terms of colour and veining between individual pieces of furniture are therefore considered as characteristic and distinctive markings. Thick leather and thin leather undergo different curing processes. As a result, the surfaces refract light differently and this determines a variation in the shade of the colour. Moreover, the stitching in both thick and thin leather may appear irregular. Any differences in the shade of colour and slight imperfections in the stitching are the natural consequence of the craftsmanship involved in the manufacturing process, which makes each product unique. Codutti S.p.a. is entitled to bring any modifications on Master Collection and in this catalogue at any time, without previous notice.
