A V A N T G A R D E

L'ufficio del futuro è già qui, lo vedi, e incarna perfettamente ciò che ancora non riuscivi ad immaginare. Quello che non vedi è il suo cuore hi-tech, perché la tecnologia è tanto più presente quanto meno visibile.

Avantgarde è il lato intraprendente di iSixty. È lo stile di vita di chi sa anticipare il tempo con il giusto equilibrio di consapevolezza e genialità.

Le essenze di legno frassino tinto corda, tabacco o silicio segnano le linee curve con venature decise e una finitura matt piacevole al tatto. Si sposano a rivestimenti in cuoio dal carattere sofisticato nelle nuance nero, tortora e crema.

The office of the future is already here, you can see it, and it perfectly embodies what, until now, you were unable to imagine. What you can't see is its hi-tech heart, because technology is all the more present when it is less evident.

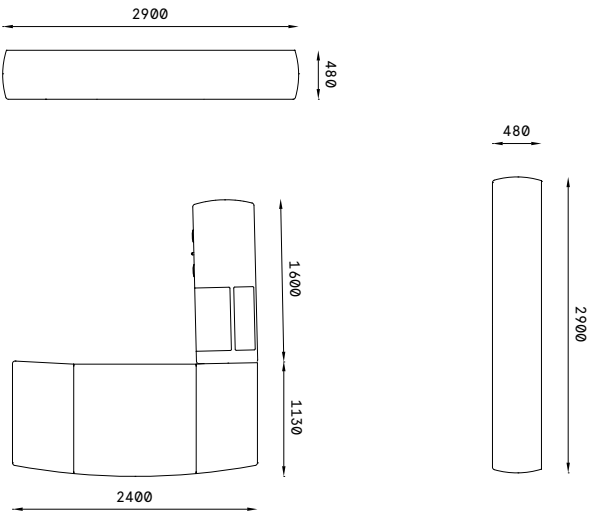

Avantgarde is the enterprising side of iSixty. It is the lifestyle of the future with just the right balance of awareness and cleverness.

The corda, tabacco or silicio dyed ash wood highlights the curved lines with prominent grains and a matt finish that is pleasant to the touch. A perfect match for the thick leather upholstery with its sophisticated character in shades of black, dove grey and cream.
