PIANI IN LEGNO - DESK IN WOOD

Piani in legno spessore 26mm in classe E1 (emissione di formaldeide) realizzati con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciati opaco a poro aperto. Bordo perimetrale sagomato in forma ergonomica.

Fianchi in legno spessore 31mm in classe E1 (emissione di formaldeide) realizzati con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciati opaco a poro aperto.

Wooden desktops 26mm thick made of panels of oak wooden veneer particles, mat painted at open pore. Shaped edge in ergonomic shape.

Wooden side panels, 31 mm thick made of panels of oak wooden veneer particles, mat painted at open pore.

Gambe e travi perimetrali in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore), le gambe sono dotate di piedino di livellamento. I giunti di raccordo con gambe e travi sono realizzati in lega di alluminio (EN 46100) pressofuso, verniciato o rivestito in pelle (pieno fiore).

Legs and beams in aluminium alloy (EN-AW-6060 T5), anodized, painted or covered in fabric, the legs are equipped with adjustment feet.

The connection units with legs and beams are made of die-cast aluminium alloy (EN6100) painted or covered in fabric (pieno fiore).

Pannello gonnata frontale sottopiano realizzato in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore).

Modesty panel made of aluminium alloy (EN-AW-6060 T5). Anodized, painted or covered in fabric (pieno fiore).

PER ORDINATIVI IN TEMPI DIVERSI LA DITTA NON GARANTISCE L'OMOGENEITA' DEL LEGNO MULTILAMINARE E DEL COLORE.

FOR ANY ORDER PLACED IN DIFFERENT TIMES WE CANNOT GUARANTEE THE SAME QUALITY AND COLOUR OF THE WOODEN VENEER.

PIANI IN VETRO - DESK IN GLASS

Piani in vetro, extrachiaro o float, spessore 15mm temperato, bisellato perimetralmente e verniciato nella parte inferiore con vernice coprente.

Extraclear or float glass desktops, 15mm thick, tempered, bevelled and painted in the lower part with covering varnish.

Gambe e travi perimetrali in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore), le gambe sono dotate di piedino di livellamento.

I giunti di raccordo con gambe e travi sono realizzati in lega di alluminio (EN 46100) pressofuso, verniciato o rivestito in pelle (pieno fiore).

Legs and beams in aluminium alloy (EN-AW-6060 T5), anodized, painted or covered in fabric, the legs are equipped with adjustment feet.

The connection units with legs and beams are made of die-cast aluminium alloy (EN6100) painted or covered in fabric (pieno fiore).

Pannello gonnata frontale sottopiano realizzato in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore).

Modesty panel made of aluminium alloy (EN-AW-6060 T5). Anodized, painted or covered in fabric (pieno fiore).

ACCESSORI - ACCESSORIES

Barra di sostegno accessori sottopiano in lega di alluminio (EN-AW-6060 T5) anodizzato naturale.

Supporting bar with underdesk accessories in natural aluminium alloy (EN-AW-6060 T5) Cassetto sottopiano orizzontale e verticale in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore), dotato di serratura.

Horizontal and vertical underdesk drawer in anodised aluminium alloy (EN-AW-6060 T5), painted or covered in leather (pieno fiore).

Pannello gonnata frontale sottopiano realizzato in lega di alluminio (EN-AW-6060 T5) anodizzato, verniciato o rivestito in pelle (pieno fiore).

Modesty panel made of aluminium alloy (EN-AW-6060 T5). Anodized, painted or covered in fabric (pieno fiore).

Fianchi in legno spessore 31mm in classe E1 (emissione di formaldeide) realizzati con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciati opaco a poro aperto.

Wooden side panels, 31mm thick made of panels of oak wooden veneer particles, mat painted at open pore.

Canalina per salita cavi in materiale plastico autoestinguente verniciato.

Canalina per salita cavi in lega di alluminio (EN-AW-6060 T5) rivestito in pelle (pieno fiore).

Plastic Cableport.

Carter reggicavi sottopiano in metallo verniciato con polveri epossidiche colore grigio.

Cable management kit underdesk in metal, painted with epoxide powders.

Accessori per cassetto verticale in materiale plastico colore blu.

Accessories for vertical drawer in plastic blue.

CONTENIMENTO E COMPLEMENTI - CUBBOARDS AND COMPONENTS

Struttura in legno spessore 19mm in classe E1 (emissione di formaldeide) realizzata con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciati opaco a poro aperto o laccato opaco.

Wooden structure 19 mm thick E1 class (formaldehyde emission) made of wooden oak, open pore or mat lacquered.

Ripiani in legno spessore 29mm in classe E1 (emissione di formaldeide) realizzati con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciati opaco a poro aperto o laccato opaco.

Wooden shelves, 29 mm thick E1 class (formaldehyde emission) made of wooden oak particles, open pore or mat lacquered.

Cassetteria su ruote con cassette in metallo su guide a sfera, dotata di ruote piroettanti (due con freno), apertura frontale con sistema "open push" con serratura a bloccaggio totale.

Pedestal on castors with metal drawers on slide runners fitted with castors (two castors with brake) opening with "open push" system and total block device.

Mobile di servizio su ruote o con piedino in alluminio anodizzato, apertura ante con sistema "open push" e serratura.

Cabinet on castors or with aluminium foot door opening with "open push" system and lock.

Cassetteria interna applicabile per mobili di servizio con cassette su guide a sfera.

Pedestal applied for cabinets with slide runners.

Frigobar con sistema di raffreddamento termoelettrico privo di gas refrigeranti e di parti meccaniche in movimento, capacità 27 litri.

Fridge with thermoelectric cooling system without cooling gases and mechanical parts of 27 litres capacity.

Libreria a giorno in legno spessore 29 e 11mm in classe E1 (emissione di formaldeide) realizzata con pannelli di particelle di legno impiallacciati con legno multilaminare rovere verniciati opaco a poro aperto o laccato opaco, con zoccolo in lega di alluminio (EN-AW-6060 T5) anodizzato.

Open wooden bookcase, 29 and 11 mm thick, in E1 class (formaldehyde emission) made of panels of wooden veneer particles with multilaminated oak wood, mat painting at open pore or lacquered with anodised aluminium plinth (EN-AW-6060 T5).

Boiserie realizzata con pannelli di particelle di legno spessore 19mm in classe E1 (emissione di formaldeide) impiallacciati con legno multilaminare rovere verniciati opaco a poro aperto o laccato opaco. Struttura perimetrale in lega di alluminio (EN-AW-6060 T5) anodizzato.

Boiserie made of panels of wooden particles panels with multilaminated oak wood, mat painting at open pore or lacquered. Structure in anodised aluminium alloy (EN-AW-6060 T5).

Struttura realizzata con pannelli di particelle di legno spessore 18mm in classe E1 (emissione di formaldeide) rivestiti con carta melaminica su due lati con caratteristiche antigraffio ed antiriflesso e bordati in materiale plastico Sp. 0,8 mm con ripiani Sp. 22 mm.

Ante, top, fianchi di finitura e pannello zoccolo realizzati in legno spessore 19mm con pannelli di particelle di legno impiallacciati con legno multilaminare rovere e verniciato opaco a poro aperto.

Wooden structure 18 mm thick E1 class (formaldehyde emission) covered in melamine on two sides, catch and reflex-proof, abs plastic edges 0,8 mm thick with shelves 22 mm thick.

Doors, top finishing side panels and plinth made of wood 19 mm thick with multilaminated oak wood, mat painting at open pore.

Ante in legno sono con apertura "open push" e serratura.

Wooden door with "open push" opening and lock.

Ante invetro satinato temperato con cornice perimetrale in lega di alluminio (EN-AW-6060 T5) anodizzato (serratura esclusa).

Frosty glass doors in anodised aluminium alloy (EN-AW-6060 T5) except lock.

Base H 50 in metallo verniciato a polveri epossidiche con regolatore di livellamento.

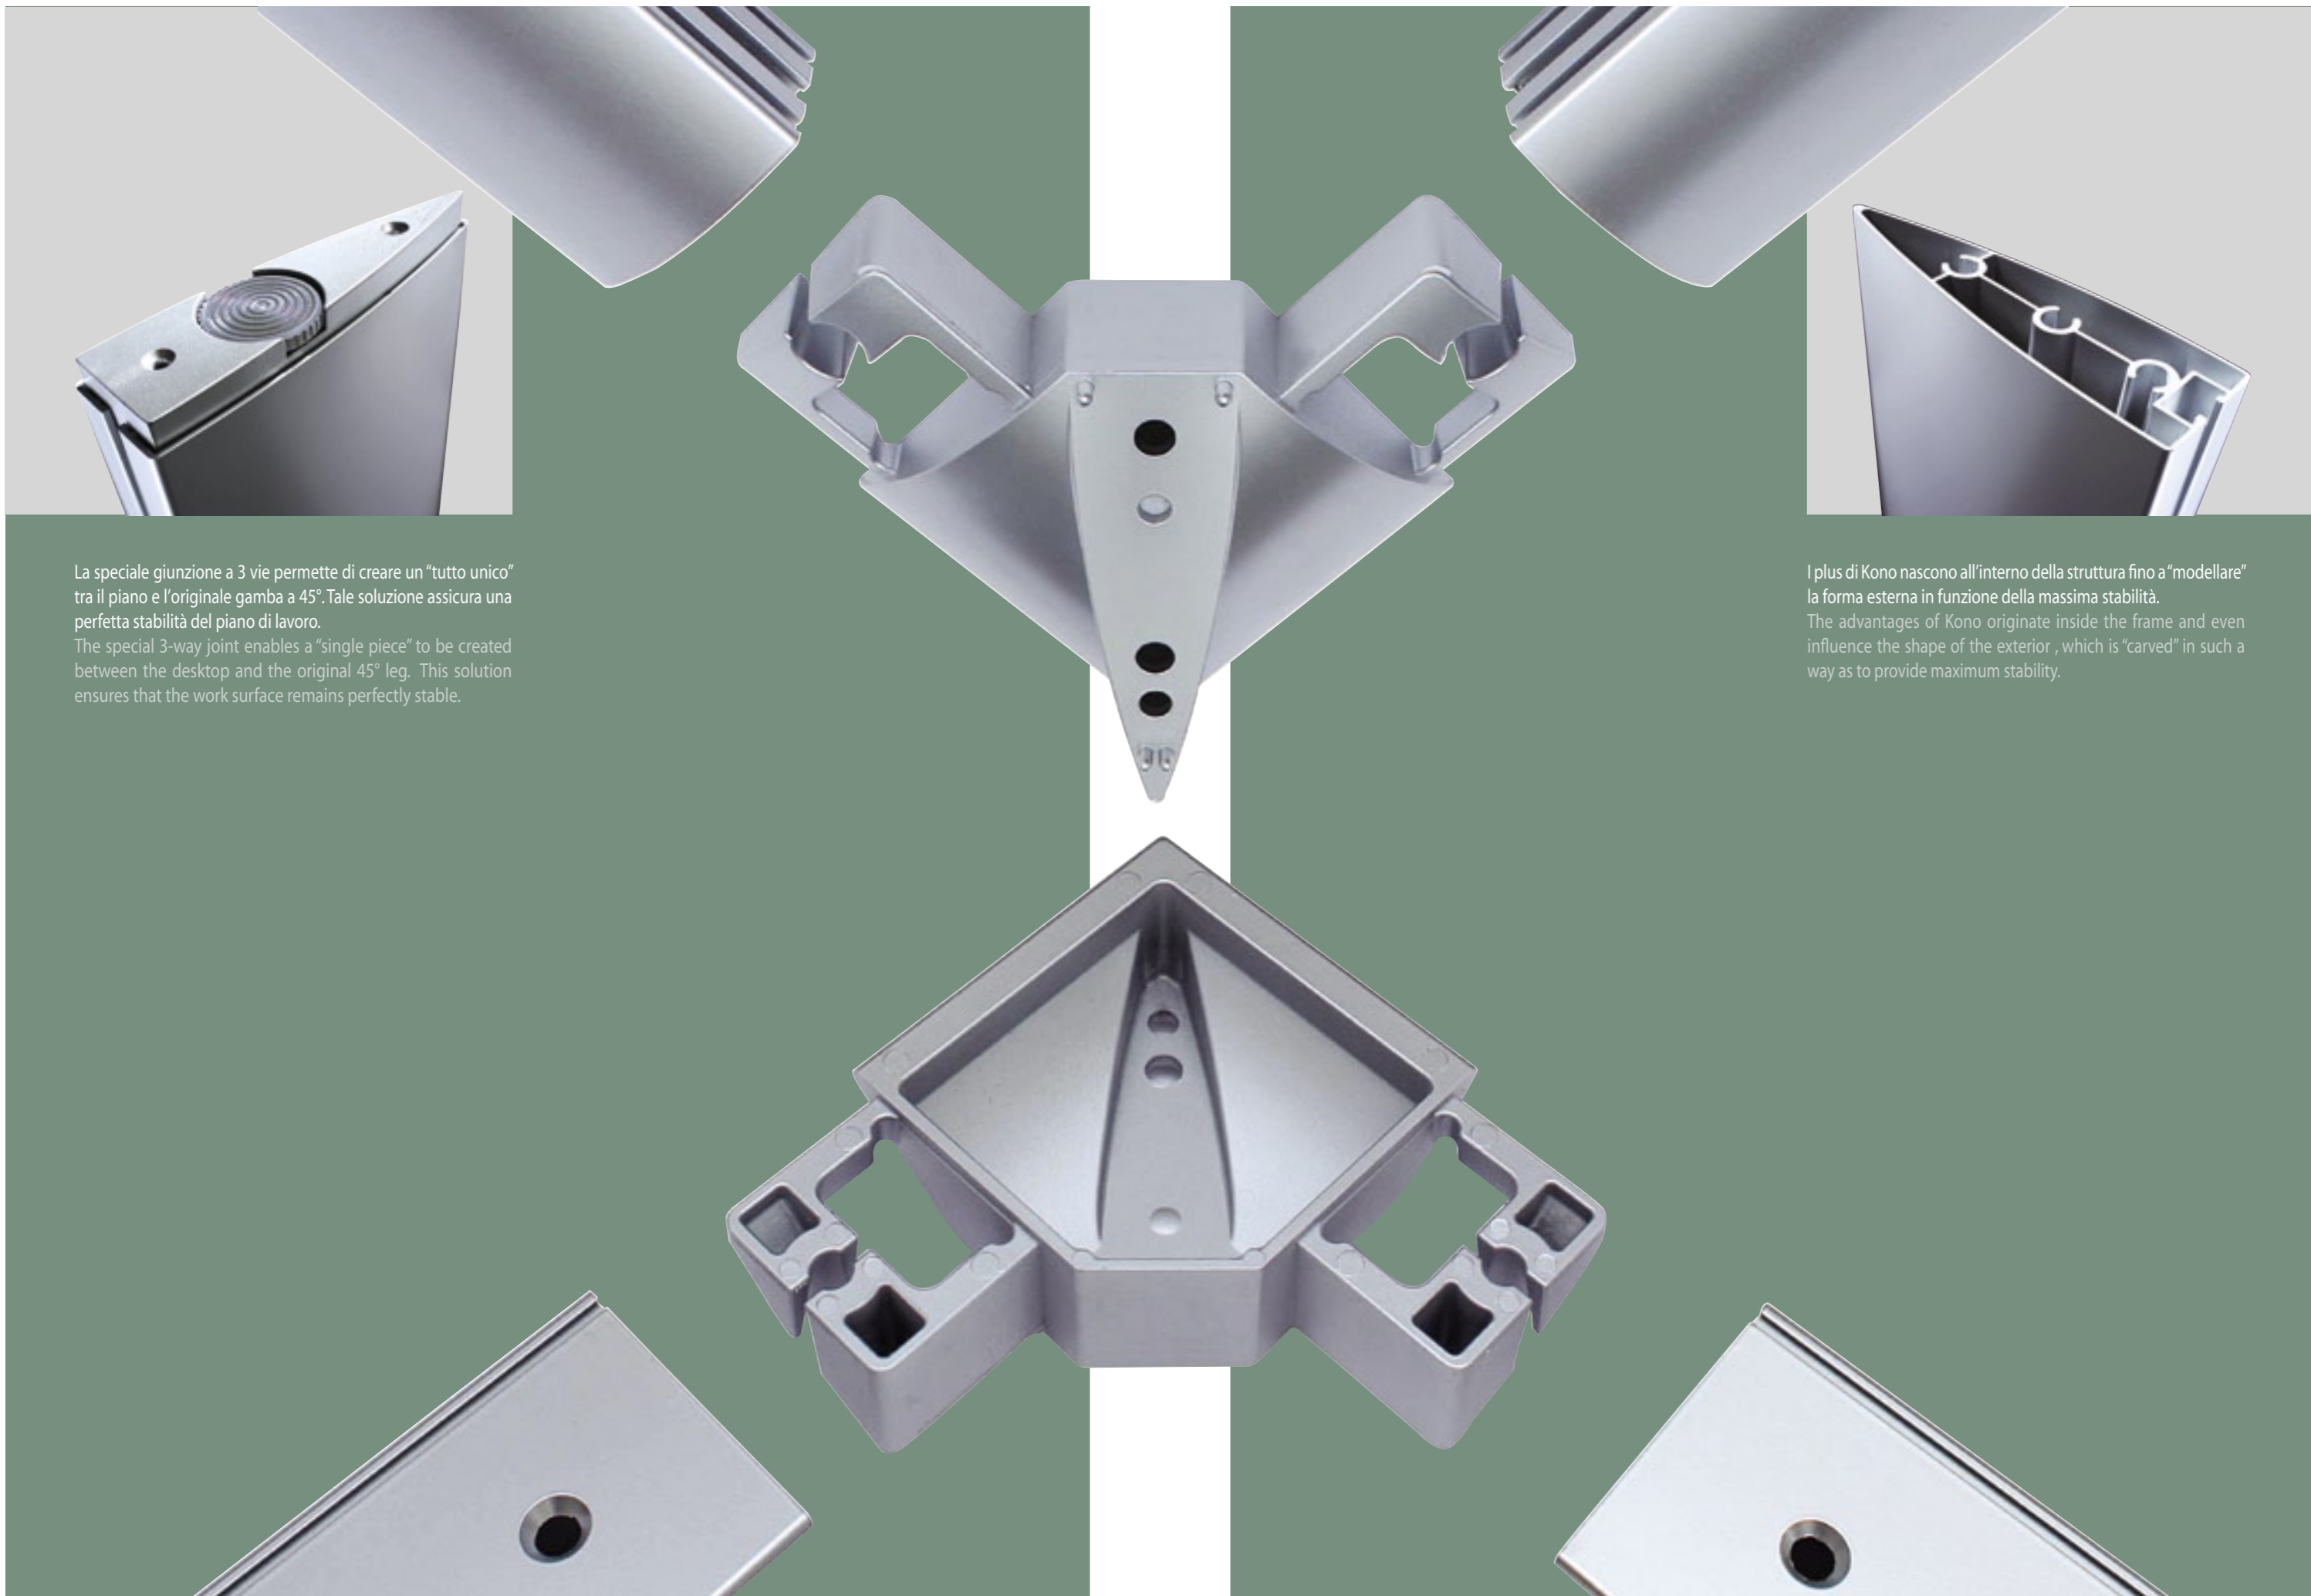

Metal base painted with epoxide powders with level adjustment.

Frigobar con sistema di raffreddamento termoelettrico privo di gas refrigeranti e di parti meccaniche in movimento, capacità 27 litri.

Fridge with thermoelectric cooling system without cooling gases and mechanical parts of 27 litres capacity.

PER ORDINATIVI IN TEMPI DIVERSI LA DITTA NON GARANTISCE L'OMOGENEITA' DEL LEGNO MULTILAMINARE E DEL COLORE.

FOR ANY ORDER PLACED IN DIFFERENT TIMES WE CANNOT GUARANTEE THE SAME QUALITY AND COLOUR OF THE WOODEN VENEER.

La speciale giunzione a 3 vie permette di creare un "tutto unico" tra il piano e l'originale gamba a 45°. Tale soluzione assicura una perfetta stabilità del piano di lavoro.

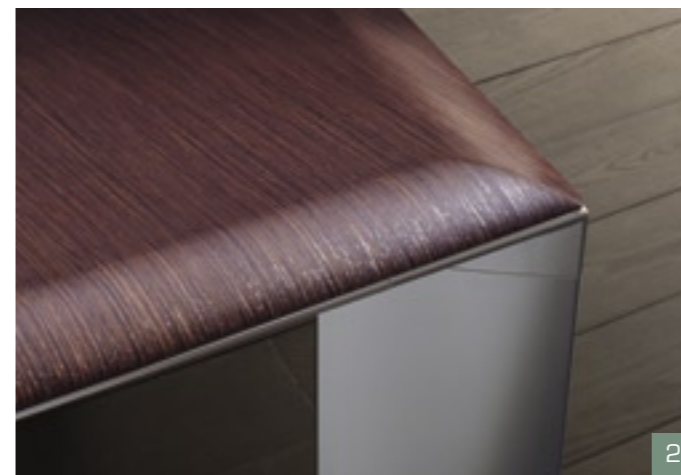

The special 3-way joint enables a "single piece" to be created between the desktop and the original 45° leg. This solution ensures that the work surface remains perfectly stable.

I plus di Kono nascono all'interno della struttura fino a "modellare" la forma esterna in funzione della massima stabilità.

The advantages of Kono originate inside the frame and even influence the shape of the exterior, which is "carved" in such a way as to provide maximum stability.

1 - Piano in vetro float, verniciato nero, temperato, con bisellatura perimetrale - struttura d'alluminio rivestita in pelle di colore avorio. Altre tonalità di colore disponibili su richiesta.

2 - Piano in rovere tinto wengé - struttura d'alluminio verniciato grigio.

3 - Piano in rovere - struttura in alluminio verniciato grigio.

4 - Piano in vetro extrachiari, verniciato bianco, temperato, con bisellatura perimetrale - struttura in alluminio verniciato bianco lucido.

5 - Piano in vetro float, verniciato nero, temperato, con bisellatura perimetrale - struttura in alluminio verniciato nero lucido.

1 - Float glass desktop, painted black, tempered, bevelled - aluminium frame covered with ivory colored leather. Other finishing available on request.

2 - Oak desktop painted in wengé - aluminium frame painted grey.

3 - Oak desktop - aluminium frame painted grey.

4 - Extra clear glass desktop, painted white, tempered, bevelled - aluminium frame painted glossy white.

5 - Float glass desktop, painted black, tempered, bevelled - aluminium frame painted glossy black.

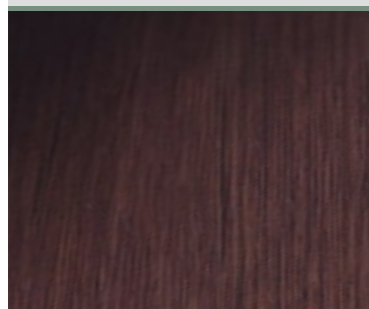

Tavolo da fumo - Coffee table

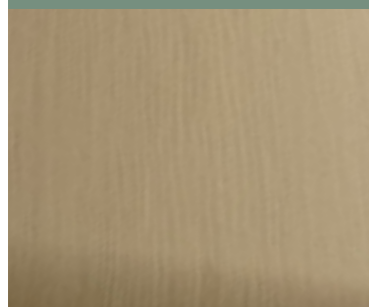

Gli abbinamenti struttura-piano di lavoro qui proposti rappresentano un ventaglio di soluzioni estetiche "consigliate". Su specifica richiesta sono ottenibili altre combinazioni personalizzabili.  
The frame-desktop combinations suggested above represent a range of "recommended" aesthetic solutions. Other customised combinations are available on specific request.

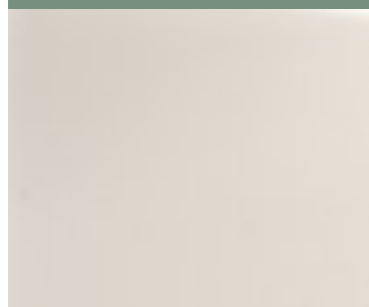

Armonia e funzionalità caratterizzano il cassetto sottopiano e la cassettera verticale, entrambe in alluminio.  
Harmony and functionality characterize the underdesk drawer and the vertical pedestal, both in aluminum.

Le finiture disponibili per i contenitori del programma Kono:

1 - Rovere tinto Wengé

2 - Rovere

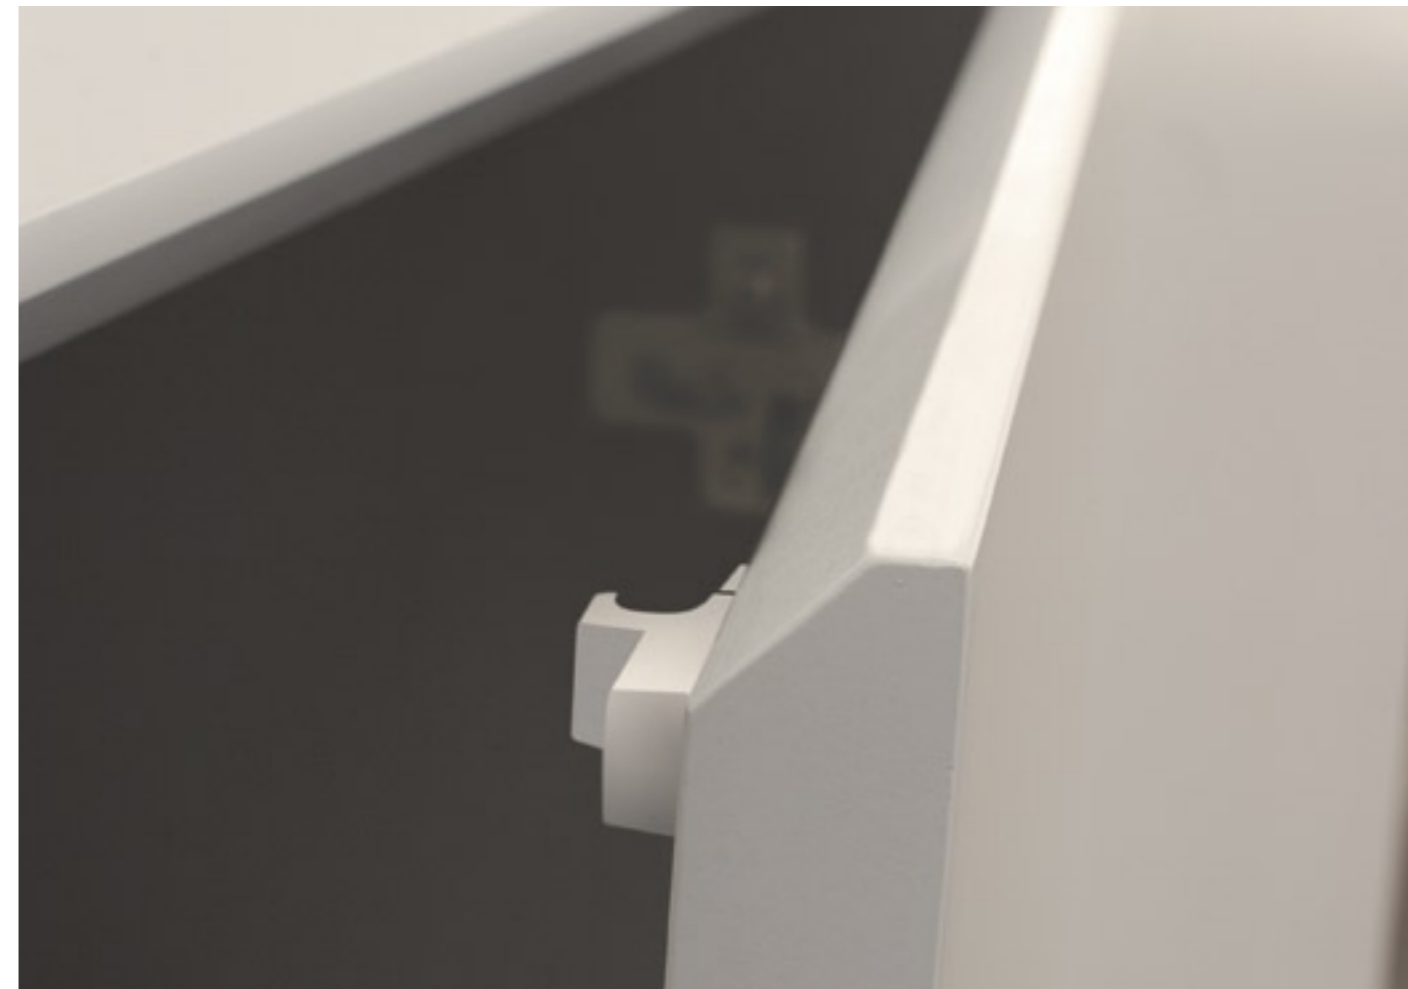

3 - Laccato bianco opaco

Available finishing for the KONO's cupboards:

1 - Oak painted in wengé

2 - Oak

3 - Mat white lacquered

Il mantenimento della massima pulizia formale richiede soluzioni tecniche coerenti con la filosofia del progetto.

Nella foto, un particolare del comodo meccanismo d'apertura a pressione del raffinato contenitore "minimal". Da notare, in alto, l'angolazione dello sportello che richiama, con fine coordinamento, il "tema" portante del taglio a 45° della gamba della struttura.

Maintaining clean shapes and lines requires technical solutions that are compatible with the philosophy of the design.

The photograph shows the handy press-opening mechanism detail of the elegant "minimal" container. It should also be noted that, as shown above, the angles of the desk echo the supporting "theme" of cutting the legs of the frame at 45°.
